CAREER OBJECTIVE

I am a dedicated Bachelor of Computing student at Belgium Campus iTversity, with practical experience in C#, JavaScript, HTML/CSS, and basic SQL. I am currently seeking an internship or junior developer role where I can contribute meaningfully to a development team while continuing to grow my technical and professional skills. I am passionate about problem-solving, learning, and building real-world tech solutions.

EDUCATION

Bachelor of Computing (In Progress)

Belgium Campus iTversity – Pretoria

Expected Completion: 2027

High School

Midrand High School – Senior Council Member

Completed: 2023

TECHNICAL SKILLS

Languages: C#, JavaScript, HTML5, CSS3, SQL (basic)

Frameworks/Tools: .NET (beginner), Bootstrap, Visual Studio, Git/GitHub

Database: SQL Server (basic), MySQL (basic understanding)

Other: Debugging, testing, version control, responsive web design

PROJECTS

Student Management System (In Progress)

Full-stack project using C# (.NET), HTML/CSS frontend, and SQL for database

Allows adding, editing, and deleting student records

Demonstrates CRUD operations and separation of concerns

Personal Portfolio Website

Developed using HTML/CSS and JavaScript

Mobile-responsive design

Highlights personal projects, skills, and contact information

STRENGTHS

Strong foundation in front-end and back-end development

Willing to learn and adapt to new technologies

Clear communicator with attention to detail

Able to work independently or collaboratively

Good leadership skills and attributes
